16) Except in Closepet & Sagar, there is no appreciable increase anywhere else. In Davangere there is no Special Court & statistics for that place were not called for.

17) Even in Closepet, the figures are high for 1921, probably because there was congestion of work in the Court then. No exceptional warden establishment appears to be necessary in the case of most of the places. There are no further complaints and the point was not pressed at Budget time. The proposal is more or less too late to be entertained now.

In the linked file 83-20, the Members minute of 27.9.20 may be perused - Subject No 86 of the Representative Assembly in the linked file shows that a separate warder establishment for lockups of Special Magistrates Courts would perhaps be looked upon as a reform by the public. The question may not be one of cost but only one of transfer of control of the staff from the Police Dept to the Lockup Peons who are generally Sub Registrars or Medical Peons. Perhaps the D of J Police may be consulted G.O.

in which case there will be both the Spl Police & Lock up establishment, in place of the present additional Police.

The Dy of Police has no objection to treat the add. Police, as warders under the Lock up officer, & the their efficiency as Lock up guards have not been questioned, nor has Lock up work suffered to such an extent as to necessitate a warder staff.

3) The present police staff, may therefore continue do for some time to come as it serves the purposes of two departments, besides being economical. It does not seem opportune to incur additional cost at this time of financial stringency.

The cost involved by the proposal of the Dy Collector is calculated in para 31 above but it is not possible to compare it with the cost now incurred on the Police staff doing Lock up work, as correct details showing the number of Police Daffedars & Constables on that work are not available.
